PALUMBO IS GIVEN AWARD AT FETE OF BASEBALL LEAGUE

Declared Most Valuable Player in Bristol Suburban League

HAS WON IT TWICE

Bristol Chamber of Commerce Trophy is Presented To St. Ann's A. A. Club

The most valuable player award, highlight of the annual banquet of the Bristol Suburban Baseball League, was given to Anthony "Rabbit" Palumbo, star shortstop of the St. Ann's A. A. baseball. Palumbo is the only player to win this award twice, having been given the honor in 1941.

The presentation of the valuable player trophy and other awards was made last night at DiPinto's Cafe, Torredale Avenue, Philadelphia, where 300 witnessed the award, partook of a catered dinner, and enjoyed dancing and a 10-act floor show.

The Bristol Chamber of Commerce trophy, given to the playoff champions was presented by H. M. Crooker, vice-president of the C. of C. and the regular season champion trophy was given by its donor, Herman Schmidt. As St. Ann's A. A. won both of these awards, John Scordia, manager accepted them and in turn presented the season championship trophy to Anthony Angelo, vice-president of the St. Ann's organization.

The batting championship trophy was presented on behalf of the Badenhausen Corporation by Alfred Rigby to Joseph "Chick" Cialella, outfielder of the St. Ann's team. Rigby also gave a plaque on behalf of the Badenhausen ball team to Ralph Barclay for the work he did for the team during the season.

Charles "Snake" Whyno, of the St. Ann's team, received the pitching trophy for having the best pitching average. This award was presented by Andy Pfaffenreth, vice-president of the league.

A new award, a trophy donated by the officers of the league to the team showing the best sportsmanship, was given to the Schutte-Koerting team by Daniel Dillorenzo, and John Field, whose work made the playing fields the outstanding in Bucks County, was given a trophy, a personal gift from Joseph Diamanti, president of the league.

John Scordia and Fred Ciotti, manager and assistant manager of the championship St. Ann's team were presented with gifts on behalf of the players by Tony Palumbo, the team captain.

Joseph Diamanti, president of the loop, acted as toastmaster, and brief remarks were made by Thomas Juno, league advisor, who has been connected with the league for 29 years; Eddie Miksis, former Suburban League player, who is now with the Brooklyn Dodgers in the National League; Stanley Gotch and George Adams, president and vice-president of the South Jersey Umpires' Association; Robert Baumruth, of the Lower Bucks Umpires' Association; Mike DeRisi, who has played in the league for 29 years; Jesse Vanzant, Ed Hunter, and Wally Oppman, previous winners of the most valuable player award; and the following team managers: Joseph Kervick, Hibernians; Edward DeKoyer, Edgely; Charles "Dutch" Afflerbach, Processing; John "Spike" Scordia, St. Ann's; John Hemp, Badenhausen; Wally DeWitt, Rohm and Haas; George Dougherty, Harriman; Bobby Moore, Bristol Legion; and Frank Brown, Schutte-Koerting.

THE GREAT GAME OF POLITICS

By FRANK R. KENT

The Triple Link

Washington, Nov. 5. WHEN enough time has elapsed to permit an objective view and the record of this period, starting in 1933, is written it seems certain historians will agree that the only political group in the country which thought clearly, acted consistently and knew what it was all about was composed of the Communists leaders in the United States, who take their orders from the Communist leaders in Moscow.

THERE are still millions who incline to dismiss statements like that as political or prejudiced. There are plenty who say they have heard that sort of stuff before or that it is a stock bugaboo which might frighten little children but should not alarm any normal adult. That there are so many indifferent, uninformed and inert people with

A SUMMARY OF THE NEWS

The Council of Foreign Ministers held its first session here yesterday and it was clear that the deadlock among the four members had not been broken. The Italian treaty was discussed and it was decided to call both Yugoslav and Italian delegations to state their views. Secretary Byrnes, Foreign Secretary Bevin and Foreign Minister Molotov were seemingly as far apart as they had been at the Paris conference.

Mr. Byrnes and Mr. Bevin agreed to discuss the Palestine situation in detail to see what contribution the United States could make.

The United States and Britain also will institute talks in Washington next week on unifying economic policies in their zones in Germany. Lieut. Gen. Lucius D. Clay, who is coming to New York to confer with Mr. Byrnes, said in Berlin that France was the chief opponent of unification now.

Mr. Molotov's criticism before the United Nations General Assembly last week of mandate-holders was answered in the Assembly's Trusteeship committee by the Union of South Africa and Britain.

In a session marked by unusual animosity, the Security Council removed the issue of Franco Spain from its agenda, thus giving the

BE SURE TO VOTE!

This is "the day."

One of the most important campaigns and elections in American history will be all over when the polls close at 8 o'clock tonight.

Taking part in the decisions being made today is one of the most serious duties American citizens will ever face. Do your part. Tomorrow will be too late. If you are registered, do not fail to vote.

This election is supremely important because it is a referendum on national policy. It will decide whether your government is to go still further "Left" (which means in the direction of Communism and bankruptcy) or to the "Right," which means Constitutionalism and Americanism.

Don't be fooled by the Democratic propaganda that "Communism is not an issue." It is the most fundamental issue of the campaign.

Not all Democrats are Communists—of course. But every Communist in America, and in Moscow too, is in there fighting for a Democratic victory. The "Daily Worker," which is the official Communist newspaper in the United States, is plugging for the Democratic candidates. The official Russian radio has broadcast an appeal for them.

Only last Sunday the Moscow broadcasters made a blistering attack on the Republicans. Which side are YOU on? Are you going to play RUSSIA'S game, and help the COMMUNISTS, by either voting Democratic or by staying away from the polls?

OR ARE YOU GOING TO UPHOLD AMERICANISM BY VOTING — AND VOTING STRAIGHT REPUBLICAN?

If you've been fooled into thinking that "Communism is not an issue," remember what Attorney General Clark said (before his party got into hot water over the issue) when he warned against the infiltration of Com-

Grace Church Parish House is Party Scene

HULMEVILLE, Nov. 4—Two affairs in keeping with the Hallowe'en season took place in Grace Episcopal Church parish house during the week-end.

The one party, on Saturday afternoon, was in charge of Mrs. Louis Goll, Jr., and Mrs. Oliver Newton, and was for kindergarten pupils of the Sunday School. Sixteen participated in games, costume prizes being received by Margaret Haas, prettiest; and Carl Dougherty, funniest. Ice cream, cookies and pretzels were served.

On Friday evening Miss Margaret Perry was in charge of a party arranged for the junior department. For funniest costume, "Billy" Force and JoAnn Potter won prizes; fanciest, Dorie Maret and Mary Ann Grudza; most difficult to guess, Phillip's Blessing; best dressed, Katherine Reets and Elmira Amsel. A number of game prizes were awarded, including Jean and Barbara Schneider, Thomas Pinto and Anita Macauley. Refreshments were served amid Hallowe'en decorations.

The Roses That Bloom in November!

(By "The Stroller")

"If Winter Comes"—we'll have snow!

In the meantime, with November 5th already here, this election day sees in bloom:

Roses, pansies, violets, nasturtiums, bachelors buttons, delphinium—and possibly many more varieties of flowers.

What is more, some magnolia trees are budding and castor plants, unusually tender, are still growing—some in Edgely being 12 feet high by now.

During the past week temperatures have reached the "sixties" every day, the mercury sometimes going into the "seventies" and "eighties." There was however a drop in temperature during the night, with the mercury at seven o'clock this morning reaching 43.

Parolee Is Arrested As Alleged 'Peeping Tom'

DOYLESTOWN, Nov. 5—A parolee from the Northampton County Prison who was employed in a Plumstead township restaurant for some time, has been arrested and is in the Bucks County Prison awaiting an examination by the Pennsylvania Parole Board.

He is Charles Franklin Scheaffer, 24, who was convicted in Northampton county on a serious criminal charge. Trooper Aulenbach, of the Doylestown sub-station of State Police, and Patrolman Clarence Irwin of the local police, questioned Scheaffer in regard to complaints about a "Peeping Tom" operating in certain sections of Doylestown—mostly around Cross Keys, recently.

Scheaffer admitted that he was guilty of the charges together with other charges that led police to report him as fit subject for a complete medical checkup. He was arrested October 31 as he was entering his sleeping quarters at the restaurant where he had been employed.

PROBATE WILLS IN NUMBER OF ESTATES

Estates of Three Deceased Bristol Residents Listed Among Those Filed

ONE BENSALEM ON LIST

DOYLESTOWN, Nov. 5—Annie E. Mansell, Bristol, who died October 23, 1942, bequeathed her personal belongings to Jessie M. and Esther B. Mansell with the stipulation that Jessie M. Mansell, 519 Radcliffe St., Bristol, supervise the sharing of them equally.

The executrix, Jessie M. Mansell, was bequeathed the residue. Real estate holdings were valued at \$2250. The will was executed September 14, 1948. Transfer of real estate brought about the probating of the will.

The widow, Pasqualina, was named the sole beneficiary of the \$2500 estate of Saverio Alta, Bristol, who died October 13. The will was written February 14, 1937, and Anna M. Marino, 210 Penn street, Bristol, was named executrix.

Two beneficiaries, a sister, Jennie P. Burton, and a nephew, Elwood F. Goslin, will share the \$3500 personal estate of Elizabeth P. Danfield, Bristol. The testator, who died October 2, executed her will February 5. Vera VanSaint Goslin, 520 Radcliffe street, Bristol, was named executrix.

Three sons, John A. Schaeffer, Charles W. and George W., are the beneficiaries of the \$300 personal and \$800 real estate holdings of Anna May Derhamer, Bensalem township, who died May 5. The will was written September 1, 1933, and the real estate is located at 19 Temple avenue, Trevose. Clarence B. Wrigley was named executor.

It was also reported that other cesspools are being permitted by some residents to flow into the Neshaminy Creek. Similar complaints were entered some months ago, a state health official being notified at that time. Council last evening pointed out that the said state health official desires, when such complaints are made, to have location of overflowing cesspools given, promising that he in turn will not reveal the source of his information. The location is necessary, however, it was pointed out, in order that the menace can be cleared up.

Samuel J. Blick presided at the meeting, with Raymond VanArtsdalen, Ned Moyer, Sr., George Berger, Edward Vansant also being in attendance. Frank Forker

SAMBO'S CREATOR

It seems impossible, in this day and age, that one of the most widely-read authors of the English-speaking world could die without a word to record her passing. Yet the press of both Britain and America somehow slipped up when a little, old Scotch lady named Mrs. Helen Bannerman died at her home in Edinburgh, Scotland. So obscurely had she lived, so successfully had she shunned the public eye, it was not until three weeks later that the public learned of the death of the author and illustrator of one of childhood's rare classics, "Little Black Sambo."

Mrs. Bannerman wrote this little story of the black boy, dressed in red coat, blue trousers, purple shoes and carrying an umbrella simply to amuse her children and without thought of publication. But, since 1899, when it first appeared in England, the book has never been out of print. It has been translated into scores of foreign languages; it has been made into plays, and today a new edition is being published for a new generation of children.

It would be difficult to explain what turns a children's book into a classic, read and reread with delight year after year. The other books which Mrs. Bannerman later wrote were all hailed by critics but all are forgotten today. Only little black Sambo, chasing tigers around a tree to regain the finery they stole and eating his 169 pancakes made with tiger butter, had the elusive quality of immortality.

In recent years the book has been attacked by such sober-sided organizations as the Association for Childhood Education whatever that is, and the inter-school Conference of Youthleader Clubs, ditto. But that is looking at the matter with jaundiced eyes. The innocence of childhood will continue to find gaiety and charm in the pages of Mrs. Bannerman's little book.

munists. Remember what the FBI head, J. Edgar Hoover, said when he said the Communists were entrenched and ready with "diabolical plots" against the American system.

Note what a distinguished Catholic, Francis Cardinal Spellman, said:

"Every Communist is a potential enemy of the United States, and ONLY THE BAT-BLIND CAN FAIL TO BE AWARE OF THE COMMUNIST INVASION OF OUR COUNTRY."

Are you going to vote for those who recognize and are ready to fight the "Communist invasion of our country, the Republican candidates; or are you going to vote for the Democratic candidates who are so "bat-blind" they can't see what is going on?

In the closing days of the campaign, the Communists have really shown their hand. The open broadcasts from Moscow, appealing for a Democratic victory, should be tip-off enough.

Over in New York City, the Democratic campaign was virtually taken over by Communists in the closing stages. Senator Pepper was brought up from Florida by a member of the national executive board of the Communist party to make a last-minute appeal for the Democrats. Henry Wallace was brought in for the same purpose by a left-wing pro-Communist group.

HOW MUCH PROOF OF THIS SORT DO YOU NEED BEFORE YOU'VE "HAD ENOUGH?"

This election is a referendum on several other great public questions. One of them is our financial policy. Are we going back to a safe, sound, "pay-as-we-go" financial program; or are we going to continue the New Deal "on-the-cuff" spending, going steadily into debt, speeding up inflation, pushing this generation's bills over to posterity, and drifting to an inevitable crack-up?

Are we going to uphold the rights of ALL the people in the matters of peaceful good order in social and industrial affairs; or let the national government slide along as it has been—allowing its favorites among union bosses to "get away with murder" so long as they promise political support?

Are we going to live once again as free people, able to work where and as we choose; able to buy what we have money enough to pay for; able to run our own lives? Or are we to continue down the road of regimentation under the New Deal bureaucrats, to the stage where every act of our daily affairs will be decided for us (as it is in Russia) by "public servants" on the government's payroll?

Is the Democratic party going to regain its independence?

ence and return to the traditions of a century and half of belief in the teachings of Thomas Jefferson—or is it to be made into the tool of the pro-Communist agitators through its control by the tyrants at the top of PAC, which already has been designated officially from Moscow itself as the "front" for the Russian Communists in the United States?

These issues are clean-cut. Every sincere citizen will want to vote on them, and every patriotic citizen (regardless of party affiliation) will recognize that in this election the Republican party is fighting HIS battle.

IT ISN'T TOO LATE—it won't be until 8 o'clock tonight!

If you are registered, but had decided to "pass up" voting, you still have time to change your mind before that hour.

You can still vote for the welfare of your state and your nation by going to the polls and voting straight Republican.

A single "X" will do the job. Merely put a cross after the word "Republican" where it appears on the ballot in heavy type, thus:

against a wide variety of national fairs. There was a record off-year registration, especially in cities where grumbling has been the loudest. Upward of thirty-five million votes should be cast.

The outcome may well be a Republican landslide of historic proportions. If this happens, the GOP could win the House by as many as 14 votes, and the Senate by as many as 14 votes.

A Republican swing would overturn Democratic rule that has extended for 16 years from the Speakership of the House down through standing House committees.

Thirty-three Governors are being elected today. The Republicans just win 19 in order to give them 25 to 23 majority. At present, 25 states have Democratic Governors, 7 have Republican incumbents, four states have holdover Governors whose terms do not expire—nine Democrats and five Republicans. In addition, Maine elects a Republican Governor in September.

Of the 33 contests, 20 are considered "in the bag" one way or the other and the main contests center in the remaining 13 States. These are Colorado, Connecticut, Idaho, Indiana, New Jersey, Ohio, Maryland, Massachusetts, Nevada, New Mexico, Oklahoma, Rhode Island and Wyoming.

Thirteen States were considered safely Republican on the basis of a nationwide survey by International News Service. They were: California, Iowa, Michigan, Minnesota, Nebraska, New Hampshire, New York, North Dakota, Oregon, Pennsylvania, South Dakota, Vermont and Wisconsin.

Similarly, placed in the Democratic column were these seven states: Alabama, Arizona, Arkansas, Georgia, South Carolina, Tennessee and Texas.

"Mischief Makers" Complain To Council

Continued from Page One

Discussions also took place regarding placing of speed limit signs at intervals within the borough; and the secretary read to council specifications for application for return of money from the state motor funds to municipalities, which money is to be used solely for streets and their maintenance.

Complaint was entered that a delivery truck blocks a section of Reetz avenue from one to two hours at a time, causing motorists to detour. Council reminded that it has as yet no jurisdiction on Reetz avenue, but will be glad to request the alleged offender to co-operate with motorists.

The street committee reported

shoulders along sections of Main street remain in bad condition, and council was informed that the State Highway Department which maintains the shoulders has promised to repair such.

Members also discussed the fact that tree leaves and limbs shield street lights; and owner of a dead tree along Main street is to again be requested through the secretary to have the alleged menace removed.

The president of council reported complaints made to him of individuals shooting within the borough limits, including hunters and those at target practice. The councilmanic body decided to warn individuals through the press that shooting for any purpose within the borough limits is forbidden by law; and that no shooting is permitted less than 150 yards from occupied dwellings or buildings connected

The Great Game of Politics**Continued from Page One**

This feeling is the real reason the American Communists, whose open aim is to wreck our system and substitute their own, have achieved today a power in American politics utterly out of proportion to their numerical strength.

THE evidence to substantiate these assertions is overwhelming. The difficulty is to get the people to consider and understand. For example, it is indisputable that from the first disclosure of the New Deal spending policies in 1933, the Communist party, which publicly estimates its membership at 100,000 but whose members are far in excess of that, have been their most enthusiastic supporters. No one who has read the official Communist organs and recalls the political facts of the last three presidential elections will deny that.

BEFORE the 1934 off-year campaign the Communists made open declaration that the New Deal direction was straight toward the Communist goal. From that time their support of the late Mr. Roosevelt and his New Deal program never flagged. Though once Mr. Roosevelt repudiated that support, it was not diverted and the effort of the Communists to make the Democratic party their own never faltered. In this campaign, again the Communists in New York have placed the State-wide Democratic candidates on their own ticket and nearly everywhere are calling for the election of Democratic congressmen.

WHEN Mr. Roosevelt made his hard and fast alliance with the CIO and CIO's PAC became the chief contributor to the Democratic treasury, the real Communist opportunity was presented. For, from the start, they had saturated the larger unions of the CIO organization and the potency of their influence has been conceded from within as well as charged from without. Today, the Communists are in control of the American Labor party of New York, without whose

Mr. and Mrs. E. Schalchter And Guests Hear of Shrubs

NEWTOWN, Nov. 5.—Mr. and Mrs. Elias Schalchter were host and hostess on Friday evening to members of Upper Makefield Liberty Club.

Wendell F. Oliver, of Morrisville, gave an informative talk on burred shrubs and trees to be used for ornamental purposes.

Among the trees he recommended for decorative purposes were the oak, the various varieties of the maple and the white ash. For coloring Mr. Oliver spoke quite highly of the Japanese maple because its coloring far surpasses that of the red maple. The Japanese maple, said Mr. Oliver, is handsome the year round.

Dogwoods provide various colored berries, especially the scarlet blue and the white, the group was told. The kadsura, it was said, is the only tree that gives the apricot coloring. It gives this coloring in the Fall and a vivid red in the spring. The sour gum and the wild crabapple were also recommended.

Mr. Oliver also recommended the deciduous azaleas, the stager bush, rhododendron and laurel, and suggested that they be intermingled with the viburnum. The winged euonymus, it was said, is the only bush or tree that gives pink foliage with red berries.

In planting shrubs, said Mr. Oliver, plant for spring bloom and fall fruit. The soft wood shrubs, the members were told, require constant attention, but the hardwoods require little or no attention.

The next meeting of the club at the home of the Misses Mary and Margaret Slack, Washington Crossing, on Dec. 6th, will feature the annual farm products show.

With true repentance and honesty of spirit we turn unto Thee, O Lord, confessing our manifold faults and failures. Deliver us from vanity and deceit, and purify our lives by Thine infinite love and mercy. Amen.

LOWER END SCHOOLS OPEN FOOTBALL SEASON

The first game of the Lower Bucks County Junior High School football conference was played yesterday afternoon with the Bristol Township eleven defeating Morrisville Junior High, 14-0, on the town ship field. The other team in the circuit is Bristol with Langhorne having withdrawn.

The Township's first touchdown was registered by Dick Moll who plunged off-tackle and then wiggled his way through the Morrisville secondary for 15 yards and a touchdown. The touchdown climaxed a drive from the 40-yard line.

The second touchdown came in the final period. Following an interception of a pass by Saunders, Bill Tulback made a wide end sweep and raced 25 yards to score behind wonderful interference. Both conversions were successful.

Morrisville's only scoring opportunity came in the first quarter when they were stalled on the 13-yard line after a long march from one end of the field to the other.

... and you save up to 2¢ a gallon

We believe no gasoline, even premium-priced, can equal the incomparable smoothness of Dynafuel

HERE'S WHY: ALL gasolines (including Sunoco Dynafuel)

are composed of "light" and "heavy" molecules. As the gaso-

line goes into the cylinders from the carburetor, some of the

"heavy" molecules separate from the rest of the gasoline

and go to certain cylinders which get most of the "heavy"

molecules, while other cylinders get mostly "light" molecules.
